WEEKLY REPUBLICAN—1907.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., WEDNESDAY, JULY 27, 1904.

ONE COPY—ONE CENT.

POSITIVELY

Copy for "changes" in ad-
vertisements **MUST** be sent
in before 2 o'clock on the
previous day.

If you have an item of news, please
call up The Ledger, Telephone 33, and let
us have it.

Mrs. Nation got her head cracked in trying
to crack a few bottles, it seems.

Mr. J. P. Nash has moved from Fourth street
and now occupies the Rice home in East Second
street.

Mrs. C. T. West has taken up her residence
in the Howe residence, corner Third and Sut-
ton streets.

When Mrs. Nation gets through "stumping"
the state she will be ready to go on the "docks"
for repairs.

Mrs. Carrie Nation doubtless didn't decide
to carry the war into Kentucky without first
consulting the cost.

Elder W. N. Briney, now preaching at Paris,
Mo., has received a call to the Christian Church
at Oklahoma City.

Mr. Arthur Cunningham and family left this
morning on the Courier for Cincinnati to make
that city their future home. Mr. Cunningham
sold his Market street barbershop to Mr. Win-
field McKinley.

Mrs. Louisa Erskine, aged 43, of the county,
was tried yesterday by a jury and adjudged a
person of unsound mind and ordered sent to
the Asylum. She was taken to Lexington this
morning by Sheriff Mackey.

Mr. Harry L. Wells, who was here visiting
his parents, Captain and Mrs. J. E. Wells, left
yesterday for St. Louis where he will spend
several days at the World's Fair and then re-
turn to his home in Greenville, Miss.

Rev. C. R. Vawter of Weston, Mo., was a
guest at The Central a few days this week. He
visited Springfield, his old home, and shook hands
with many old friends. He leaves the last of
the week for his Western home and will stop
off for the World's Fair at St. Louis.

That coon mentioned in another column was
killed last night near the Green River Tobacco
Factory. It met its death at the hands of Mr.
Joseph R. Carpenter and Mr. Blanch Ginn, both
of whom will undoubtedly receive a vote of
thanks from the East End residents.

Neither aged nor youth is exempt from
eye troubles and defective vision. If there is
any suspicion of trouble with your eyes we'll
examine them free and furnish the right glasses
at the right price.

MURPHY, the Jeweler and Optician.

The State Board of Valuation and Assess-
ment has made the following assessments
against Banks for franchise tax in this city and
county—Mitchell, Finch & Co.'s Bank, \$36,016;
State Bank of Dover, \$13,895; Bank of Mays-
ville, \$89,141; Bank of Mayslick, \$13,026;
Union Trust Company, \$44,679.

Quite a number from this city attended the
funeral of Squire M. D. Farrow yesterday.
Judge C. D. Newell, County Clerk C. L. Wood
and Hon. Thomas D. Slattery acted as pall-
bearers. Congressman Keboe and Commissioner
C. B. Taylor were among the number who paid
their last respects to this worthy citizen.

The stock of buggies and wagons belonging
to Joseph Lawrence was sold yesterday at public
auction and brought \$922.65. George Wood
was the auctioneer. The amount received was
considerably in excess of the appraisement.
Harry L. Walsh was the assignee, and that ac-
counts for the good results of the sale. Mr.
Walsh is a hustler and is business from the
jump. If you want your business properly at-
tended to be sure and consult Harry.

MRS. ELIZABETH FREEMAN DOYLE.

Mrs. Elizabeth Freeman Doyle, widow of Elder
Safford S. Doyle, peacefully passed away at
"Maplewood," the home of Mr. and Mrs. C. C.
Degman at Springdale, yesterday, of dropsical
troubles.

Mrs. Doyle was born near Ripley, in 1825,
and moved with her parents to Fleming county
where most of her youth was spent, but for
nearly forty years she has been a resident of
Mason county.

She is survived by three daughters—Mrs.
Anna Degman of Springdale, Mrs. Sue Williams
of East Limestone and Mrs. Louisa Tully of
Cottagesville, Lewis county, and one sister, Mrs.
Sara B. Smith, all of whom were with her to
the last.

She had been a consistent Christian for more
than fifty years and died rejoicing in the glo-
rious hope of immortality.

The interment will be at Bethany Cemetery
late this afternoon.

UGHT TO SEE THEM

The Handsomest Calendars Ever
Shown in This City

The business man who spends his money in
Maysville, simply puts that money into the hands
of people who will in turn spend it with him
again.

Did you ever think of that?
The business man who spends his money for
printing in Louisville, or Cincinnati, or Chicago,
or New York, puts that money into the hands of
people who never did, nor ever will, spend a dol-
lar in his store.

Did you ever think of that?
Now, in order that a good deal of this money
may be kept at home, and spent by home work-
men and home employers with home merchants,
The Ledger Printery has secured the hand-
somest line of Calendars ever seen in this city,
with a price limit to suit every need.

Mr. Richard L. Miles, The Ledger Printery's
expert Printer, will call on you in a few days,
dazzle your eyes with the beauties and tickle
your bank account with the prices.

ANNOYING VISITOR

East Enders Bothered By Calls From
a Pet Coon Coon

The good people East of Limestone creek
have been in a terrible state of agitation for
some time, all owing to the antics and mid-
night depredations of one little coon.

It's a pet coon and belongs to a colored man.
Now if there's one thing above another that a
darkey loves more than his pickaninny, it is a
coon—and he is not particular in his choice
whether it be a two or four-legged coon.

In this instance, however, it is a four-legged
animal and of the liveliest sort.

This little quadruped is an evil spirit to the
residents of that part of the city; it has caused
fairly good men to use profane language and
the women folks to sit up half the night in
perfect dread of its appearance.

It's life has been in jeopardy a thousand times,
yet it escapes as with a charmed life.

It has no particular choice between a ladder,
table or chicken coop—either will satisfy its
rapacious appetite, provided there is plenty of
it.

The other night it got into the chicken yard
of M. C. Chisholm, and that gentleman had to
go to the rescue of his fowls.

After playing hide-and-seek with Matt for
about an hour and leaving him in a collapsed
state it made its escape.

This coon has visited Mr. Sam Hall, Mr.
Thomas P. Boyce, Mr. Schwartz and many other
citizens.

There is a standing reward for its capture or
death.

P. S.—The coon is dead!

Haying is nearly finished in the county and
the crop is hardly an average one.

Mrs. Margaret Carrington, Mt. Sterling's
oldest resident, is dead, aged 92.

Sherman Bristow, aged 24, son of Fourth
Assistant Postmaster General Bristow, has been
signed as shortstop for the Grand Rapids team.
Bristow has been playing baseball under the
name of Sherman.

I will sell the Martin McDonough farm
of 43 acres, located on the Blue Run Pike, at
Public Sale at Courthouse door at 1 p. m.
Wednesday, July 27th, 1904.

JOHN DULEY

Admr. Martin McDonough, deceased.

The monthly meeting of the Mason County
Medical Society will be held in G. A. R. Hall
Wednesday, July 27th, at 2 o'clock p. m. Dr.
O. H. Adamson of Sardis and Dr. W. H. Taulhee
of this city will be essayists. Dr. Edwin Rick-
etts of Cincinnati will be present and address
the meeting. A full attendance from city and
county is requested.

Miss Elise Shackelford of Lexington left yes-
terday for a trip to the St. Louis Exposition.

Lighting by alcohol has two great advantages
over other kinds; it develops less heat and does
not poison the air so quickly, as it gives out
less carbonic acid.

Squire Malcolm Wool of Mt. Olivet, who was
injured by a runaway horse at Ashland some
weeks ago while en route to visit his daughter,
Mrs. F. W. Riffe, at Huntington, W. Va., is still
at the latter place, and does not improve very
rapidly.

Commissioner Yerkes has decided that no
special tax can be charged on patent medicines
containing liquor unless it can be shown that
the preparation is sold and used as a beverage
with the knowledge of the dealer. In some
dry sections certain patent medicines are used
as substitutes for straight whisky, but no action
can be taken by the revenue agents until they
have proof that the dealer knows that the so-
called medicines are to be used by the customer
as a beverage.

"There Isn't One
Really Good
Printer in Five
Hundred."

Printers' Ink—the leading journal on
publicity of all kinds—has the following
to say: "There are thousands of printers
in this country, good, indifferent, and a
lot of bad ones. There isn't one really
good printer in five hundred. Intelligent
advertisers are willing to pay for good
printing, no matter where it comes
from."

Printers' Ink knows what it is talking
about. Poor printing is a bad investment
—it's worse than a blank. A business
man's stationery or booklet is like a
traveling man—if it's neat, well-dressed
and to the point, the first impression is
good and your chances of doing business
on the strength of it are good.

We realize this. We keep abreast of
the times. We know what good printing
is and produce it. We are pretty careful
not to let a bum job get onto our presses.
No press in the country can better our
printing, and we want you to know it.

The readers of this paper will be pleased to
learn that there is at least one dreaded disease that
science has been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical fraternity.
Catarrh being a constitutional disease, requires a
constitutional treatment. Hall's Catarrh Cure is
taken internally, acting directly upon the blood
and mucous surfaces of the system, thereby de-
stroying the foundation of the disease, and giving
the patient strength by building up the constitu-
tion and assisting nature in doing its work. The
proprietors have so much faith in its curative
powers that they offer One Hundred Dollars for
any case that it fails to cure. Send for list of tes-
timonials.

CINCINNATI's bank clearings last week showed an increase of \$1,586,000 over the week previous—this representing about the sum spent in the city by the visiting Elks.

THE Editor of The Bulletin was generous enough, in one of his recent issues, to offer a gratuitous insult to the fraternity of Elks; for which he has their sincere thanks.

WHEN the notorious CARRIE NATION goes about the streets knocking cigars out of the mouths of people, it looks like even that illustrious he-woman had about played the limit.

It is estimated that the visiting Elks spent \$1,500,000 during their stay in Cincinnati. Don't know about that; but one Maysville man had at least a million dollars worth of fun.

MAYBE, if the big meat strike in Chicago continues a few weeks, we may get a few lamb chops and good steaks and roasts in Maysville. Heretofore all the best stock has been sent to other markets.

THE County Judge at Newport has decided that Sunday shaving is not a necessity. He says if a man is obliged to work late Saturday night—as many clerks and other employees are—he should get shaved on Friday;—and if he is obliged to work late on Friday also, how would it do for the unfortunate to get shaved on New Year's Day—and let'er go for a whole twelvemonth!

PECOR

JUDGE PARKER has fixed upon August 10th when the Committee is to tell him that the Democrats have nominated him for President; three months later, the people will tell him that they don't want him.

OF course, it is found that the present site for the State Capitol is entirely inadequate for such a building as is proposed. This has been evident all along, and The Courier-Journal more than once tried to impress the fact upon the Legislature before it adjourned. It is not too late to correct the mistake made in selecting the present site, and this by all means should be done before a dollar is spent in laying the foundations of the structure.—Courier-Journal.

THE LEDGER also frequently pointed out the unfitness of the old site for the new Capitol,—even though the Legislature had decided on it by adopting a measure offered by a mossback Republican member, who knew about as much as to what was needed as a hog does about the Fourth of July. It is gratifying, even at this late day, to know that the State Capitol Commission has discovered the mistake, and that it is probable the Legislature will be called together to select a new and a suitable site for the new structure. This, incidentally, ought to encourage those who do not want Maysville's Public Building located on a "manufactured" corner lot which terminates in a hole in the ground.

Political Pickings

INTRODUCTION MISLEADING

Louisville Herald.

Suppose Mr. Watterson had introduced Mr. McQuown as Chairman of the Democratic State Central Committee, as Mr. Goebel's personal attorney, as a double-dealing politician, a "chicaner," an unfair disputant, a peanut politician, it is to be believed that anybody would have paid any serious attention to his article, which that high-class periodical, McClure's Magazine, sent to the waste basket? Instead, Mr. Watterson certified him as a "Judge," "an eminent legal authority" and "a citizen of the highest standing." Yet Mr. Watterson has accused him of being the other things mentioned; within two weeks. Does anybody believe that a political double-dealer, trickster and chicaner, thus accused by his own party colleagues, could be fair to an adversary in the opposing party?

Care of the Teeth

Usually the cause of poor teeth can be traced to insufficient attention to the removal of food particles from between them. These particles ferment and become a medium for bacteria, which form lactic acid, which attacks the enamel and causes decay. The only remedy for this is to keep the teeth clean, and for this there are no preparations so effective as our

The State College of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree.

Post graduate studies are provided, leading to a Master's Degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty professors and instructors. County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. The Legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750. Specialists with the necessary number of assistants have charge of each department of natural sciences. Summer schools are provided for pedagogy, engineering and instruction in science. The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work. The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath-rooms and room for physical culture. It is heated by steam and lighted by electricity. An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky. For catalogue, method of obtaining appointments, information regarding courses of study and terms of admission apply to JAMES K. PATTERSON, Ph.D., LL.D., or to D. C. FRAZER, Business Agent, Lexington, Ky. Fall term begins September 8th, 1904.

Mrs. Martin Concannon and children of Cincinnati were called to the bedside of her father, Phillip Freund, who is dangerously ill.

While a peace committee from the Teamsters' Union was in conference with the Chicago packers the leaders of the various Unions of the Allied Trades, urged by President Donnelly, ordered a general sympathetic strike, and thousands of men immediately left their work. The conference failed of any beneficial results, and both sides have now settled down to await the survival of the fittest. The teamsters will await the sanction of the international organization before participating in the strike, and with this exception, the stationary engineers and firemen are the only Union men at work. The tie-up in a measure affects the independent packers.

One of the largest caves ever discovered in Eastern Kentucky, and one that will perhaps rival the great Mammoth Cave in Edmonson county, has just been discovered in Southern Letcher county, near the Perry county line. A party of eight-seers have explored its mysterious confines to a distance of over seven miles. The party was unable to find any end to the natural wonder. A large, swift-flowing stream was discovered rushing on into undiscovered regions.

At Chicago, the packers at 11:30 yesterday morning issued a statement to the effect that all negotiations with the striking butchers are closed and will not be reopened. Following the announcement of the packers the butchers abandoned their peaceful methods and have resorted to picketing. Practically speaking, this means "war." At 2 o'clock yesterday afternoon President Golden of the teamsters admitted that his organization will join the army of strikers and that only stringent discipline now prevents a majority of them from quitting their duties.
